Author: Barry Forshaw

Release Date: Expected @@expectedReleaseDate@@

Crime Uncovered: Detective is an examination – and celebration – of the most iconic police detectives in the long and bloody history of crime fiction, film and television, identifying the individual characteristics that define these much-loved figures and discussing how they relate to their surroundings, country and class – and the criminals they relentlessly pursue. Detective examines the changing role of the authority figure in crime fiction and film, and analyses how the most imaginative creators cleverly subvert the key elements of both the detectives themselves and the genre they inhabit. The detectives included cover all the important names, making for a truly international spread.
